PROFESSIONAL SUMMARY

Results-oriented BCA graduate with hands-on experience in web development, responsive website design, and full-stack project development. Skilled in creating mobile-first web applications, database management, and user-focused digital solutions. Strong communication, problem-solving, and teamwork abilities. Actively seeking an entry-level Developer role to leverage technical expertise and drive engineering excellence.

SKILLS

- **Frontend** : HTML5, CSS3, JavaScript, React.js, Bootstrap, Tailwind CSS
- **Backend** : Node.js, Express.js, REST APIs
- **Database** : MySQL, MongoDB, Firebase (Basic)
- **Tools** : Git, GitHub, VS Code, Postman
- **Others** : Problem Solving, Communication, Team Collaboration, Project Management

PROJECTS

eSports Tournament Management Platform | College Event

January 2026 - March 2026 | Web Application

- Developed a responsive eSports tournament management platform enabling player registration, tournament listings, and event announcements.
- Designed and implemented intuitive user interfaces to streamline tournament participation and improve user engagement.
- Built mobile-first, responsive layouts ensuring compatibility across smartphones, tablets, and desktop devices.

Technologies Used: HTML, CSS, JavaScript, Responsive Web Design, Git, Firebase

Restaurant Management System | College Project

March 2026 - June 2026 | Web Application

- Built a full-stack web application to manage restaurant operations including menu management, order processing, and billing.
- Designed and validated key user flows: placing orders, applying discounts, and generating invoices effectively performing manual QA on the application.
- Wrote and executed test scenarios to verify UI functionality, data integrity, and edge cases such as empty cart checkout and invalid inputs.

Technologies Used: Technologies used: HTML, CSS, JavaScript, and MySQL

EDUCATION

Bachelor Of Computer Application (BCA) | Mirza Ghalib College, Gaya Aug 2023 - Sep 2026

- Relevant coursework : Java Programming, Database Management, Software Engineering, Web Technologie, Data Structures

CERTIFICATIONS & LEARNING

- Pursuing continuous learning in Data Structures & Algorithms, DevOps, and modern software engineering practices to improve application development, deployment, and problem-solving capabilities.
